NI 43-101 Technical Report

Mineral Resource Estimate — Pilbara Lithium Portfolio

This document is **synthetic demonstration data** generated by `scripts/make_fixtures.py` for the mining-daily-agent reference implementation. It is formatted like a National Instrument 43-101 technical report so that the PDF extraction tooling can be exercised end-to-end, but the projects, operators, tonnages and grades are fabricated and describe no real mineral property.

Report date: 2026-10-08 | Effective date of estimate: 30 September 2026

Qualified Person: J. Sample, P.Geo. (fictional). Cut-off grades are stated per project. Tonnages are dry metric tonnes. Li2CO3 equivalent is derived from the Li2O grade using the stoichiometric factor 2.4728.

1. Mt Pilbara Lithium Project

Operator: Pilbara Lithium Ltd (ASX: PLP)

Commodity: Lithium (spodumene, Li2O)

Cut-off grade: 0.40% Li2O

Effective date: 30 September 2026

Mineral Resource Statement

Classification	Tonnes (Mt)	Grade (% Li2O)	Contained Li2O (t)	Contained LCE (kt)
Measured	18.4	1.16	213,440	527.8
Indicated	54.2	1.03	558,260	1,380.5
Measured + Indicated	72.6	1.06	769,560	1,903.0
Inferred	26.7	0.91	242,970	600.8
Total	99.3	1.03	1,022,790	2,529.2

Notes: Mineral resources are not mineral reserves and do not have demonstrated economic viability. Figures are rounded and may not sum exactly. The estimate is reported above the stated cut-off grade within a constraining pit shell.

2. Yarrie Ridge Lithium Project

Operator: Westralian Resources Ltd (ASX: WRL)

Commodity: Lithium (spodumene, Li2O)

Cut-off grade: 0.45% Li2O

Effective date: 30 September 2026

Mineral Resource Statement

Classification	Tonnes (Mt)	Grade (% Li2O)	Contained Li2O (t)	Contained LCE (kt)
Indicated	24.6	1.19	292,740	723.9
Inferred	15.3	1.04	159,120	393.5
Total	39.9	1.13	450,870	1,114.9

Notes: Mineral resources are not mineral reserves and do not have demonstrated economic viability. Figures are rounded and may not sum exactly. The estimate is reported above the stated cut-off grade within a constraining pit shell.

3. Coongan Gap Lithium Project

Operator: Hardey Minerals Ltd (ASX: HDY)

Commodity: Lithium (spodumene, Li2O)

Cut-off grade: 0.50% Li2O

Effective date: 30 September 2026

Mineral Resource Statement

Classification	Tonnes (Mt)	Grade (% Li2O)	Contained Li2O (t)	Contained LCE (kt)
Inferred	11.2	0.86	96,320	238.2
Total	11.2	0.86	96,320	238.2

Notes: Mineral resources are not mineral reserves and do not have demonstrated economic viability. Figures are rounded and may not sum exactly. The estimate is reported above the stated cut-off grade within a constraining pit shell.
